FLEX-MAT® ID ENABLED

⊞ MAJOR®

MAJOR INTRODUCES FLEX-MAT ID ENABLED

RFID TECHNOLOGY

- Incorporates screen media data, such as panel dimensions and customer-defined details into the screen media section.

- Optimizes Inventory Management, Simplifying re-ordering and limits the need to physically measure screen media.

- Allows operations to conveniently track orders with an electronic record instead of paperwork.

SCANNABLE CHIP

- Operators scan the panel with a smartphone to easily retrieve and view the data.

- Open the MAJOR App, and scan the RFID logo.

AS EASY AS USING YOUR PHONE

Download the MAJOR App now. **It is free!**

iOS   android
