

**Discover our
next generation of
FLEX-MAT
Modular PLUS**

**Featuring a new, longer
lasting OptimumWire. More
EXTREME resistance than any
other product on the market!**

FLEX-MAT[®]
MODULAR⁺

**INTRODUCING
FLEX-MAT Modular PLUS**

MAJOR has reinvented FLEX-MAT Modular to bring you an even stronger, longer-lasting product.

This media offers all the benefits of FLEX-MAT — high open area, efficient stratification, no blinding or pegging — combined with a new and improved wear life comparable to polyurethane screen media. **FLEX-MAT Modular Plus** can withstand harsh screening conditions with the most abrasive materials, such as granite and basalt.

**FLEX-MAT Modular PLUS
OFFERS**

- ✓ Increased wear life, giving longer productive use*
- ✓ Heightened Resistance to Blinding and Pegging
- ✓ Superior Throughput
- ✓ Ease of Installation
- ✓ Optimum Wear Life
- ✓ Resistance to Abrasive Material

*The new Optimum Wire can withhold high resistance raising the wear life significantly, giving longer productive use. Lifespan ultimately depends on the application and its abrasive index.
