

HIGH VIBRATION WIRE SCREEN

HOOKS

CUSTOM HOOKS FOR ENHANCED SCREENING EFFICIENCY

UNDERSTANDING HOOKS

Embark on a journey to elevate your screening efficiency with MAJOR's custom hooks.

In this exploration, we delve into the world of hooks, their diverse types, and the bespoke solutions we offer to amplify your screening experience.

Hooks stand as indispensable elements in screening systems, anchoring screen media securely to withstand the relentless vibrations and rigorous demands of the aggregates and mining industry.

VERSATILE SOLUTIONS FOR EVERY SCREEN

MAJOR takes pride in presenting a comprehensive range of hook types tailored to meet the unique requirements of both end-tensioned and side-tensioned screens. Our hooks are meticulously designed to accommodate the diverse needs of screen box manufacturers, ensuring compatibility with a wide array of hook types utilized in different designs.
